mitogário

A complex, stylized graphic element in red and white, resembling a calligraphic flourish or a decorative border. It features intricate, swirling patterns and sharp, angular shapes, with a central vertical element that looks like a stylized 'Z' or a similar character. The overall style is reminiscent of traditional Japanese calligraphy or a modern, abstract interpretation of it.

mito gário

The image displays a stylized logo. The top portion consists of the words "mito gário" in a bold, metallic, 3D sans-serif typeface. The letters have a brushed metal texture and are rendered with perspective. Below this, the word "gário" is repeated in a highly decorative, calligraphic script. This second "gário" is formed by thick, black, interlocking loops and swirls, giving it a knot-like or chain-link appearance. The entire logo is centered on a plain white background.
